

About Us

Olive Tech (Pvt.) Ltd. is a full service systems integrator and communications company, providing network equipment with solutions, software solutions, wireless systems, cabling installations, voice and data network solutions and managed services located in Dhaka, Bangladesh. Olive Tech has begun his journey since 2017 and has evolved into a full-range ICT business solutions provider through intensive research of cutting edge technologies. Olive Tech (Pvt.) Ltd is the distributor of different renowned ICT Brands like BDCOM, Mikrotik, Nanjing Jilong Optical Communication, D-LINK, Dahua, APTTEK, ROSH, PANDUIT etc.

We are committed to building lasting relationships with our customers by providing solutions at a reasonable cost. We understand that an IT technology investment can be a big step, and much of the choice is about trust, and the integrity, and experience of who you've chosen to help you. We also understand that technology by itself is useless unless it helps you achieve your business objectives.

We help our customers in all aspects of Software, Hardware, Networking equipment's & Digital Marketing requirements. Since inception, we have partnered with Organizations of all sizes, as well as the Government. We have been proving ourselves as a key aid to the overall growth of our Partner organizations, by providing them an end-to-end solution and efficient technical infrastructure.

OLIVE TECH (PVT.) LTD. also offer solutions for Wi-Fi, that cut costs, improve operational efficiencies, share data across multiple systems, include building industrial automation systems and enterprise IT management systems with backend applications. Our portfolio includes one of the most comprehensive Wi-Fi and Mesh Solutions available in the industry today.

OLIVE TECH (PVT.) LTD. dedicated staffs are proficient in different aspect of information and communication technologies. From different hardware and operating system platforms, to complex network configuration, OLIVE TECH's team will endeavor to provide the best and most recent technological solution that is within the client's budget. We are committed to customer satisfaction.
